

# Student Internships Available

Judd Burstein '71 heads a boutique litigation firm (Judd Burstein, P.C.) that has represented clients in state and federal cases in 23 states. "We serve as trial counsel in litigations and arbitrations involving negligence, fraud, white collar crime, and divorce. We [also] represent clients in the sport of boxing and in the music industry." Naima McFarland '08 interned at the firm during her senior Work Term last spring. Considering a career in law,

Naima was glad for the opportunity to gain insight into the client as both a person and a defendant. At Judd's invitation, Naima returned for a paid internship over the summer before heading off to Williams College. You, too, can open the door to a Putney senior or graduate. A few weeks of connection can make a lifetime of difference. To learn more about providing internship opportunities, contact us at [alumni@putney-school.org](mailto:alumni@putney-school.org) or 802-387-6273.

Annual Giving and  
Volunteer Manager

## MORE ATHLETES

Willie Carow '76, a member of two U.S. Olympic teams, was erroneously excluded from our mention of alumni athletes. Willy participated in the 1984 Sarajevo and 1988 Calgary Olympic games, placing 20th in the 1984 10k Biathlon, which was the best U.S. showing up to that point.

He spent ten years on the U.S. Biathlon team, and won the 1982 U.S. Biathlon 20k national championship.
