Math Teacher

The Putney School seeks a math teacher to start for the 2019-2020 school year. Putney is a progressive, co-educational college preparatory boarding school of 235 students located in Putney, Vermont. The school was founded in 1935 with a commitment to working for social justice and the current trustees have called for us to graduate students “who can work collaboratively across race, class and cultural divides.” We are currently implementing and calibrating a system of core competencies to measure student learning, assessing student work with rubrics that describe mathematical literacy.

General Responsibilities:

- Teach four class sections, with emphasis on teaching mathematical reasoning; conference regularly with students; write academic reports.
- Duties in the work program, athletics or another area of expertise.
- Residential duties which include either being a resident dorm head or doing evening duty in a dorm in a weekly rotation with colleagues.
- Advising 6-8 students in their lives at The Putney School and keeping those student families informed.

The ideal candidate:

- Has interest and demonstrated ability in teaching and supporting adolescents.
- Has a sense of humor, flexibility, energy, collegiality, and the ability to work effectively with a team.
- Is able to teach to a wide range of student abilities and levels.
- Has demonstrated capacity in cross cultural dialogue.
- Is willing to experiment with innovative pedagogies and technology in the classroom.
- Has experience with extensions to the canonical high school curriculum, e.g. robotics, computer programming, financial math, etc.

Minimum requirements:

- Bachelor’s degree in math, MA in math or a related field preferred.
- Minimum two years’ teaching experience, preferably with high school students.

The Putney School seeks to promote diversity in its program and hiring. We recognize that a diverse faculty and staff is crucial to the success and continued relevance of the school.
